•INTRODUCTION

We take immense pleasure in introducing ourselves as an Infrastructure/Civil company based in Abu Dhabi, United Arab Emirates, with a team of well qualified, professional and experienced personnel for such works.

“Indigo Infra General Contracting LLC” in an ISO Certified Company has the capacity to undertake various activities such as supply and laying of different types of Pipelines and associated manholes/chambers including Sewerage System, Water Supply System, and Storm Water.

Construction of Road works especially with Pavers, Kerbstone, Laying of Aggregate & Rip Rap Stones etc. Construction of Civil Structures, Foundations, Building Construction, Mechanical works, Plumbing works etc.

We also have the ability to perform specialized jobs like Supply & Installation of Pipeline through NDRC & Under Water Channel by Horizontal Directional Drilling Method.

Our team of dedicated staff and technicians are trained to follow and adhere to the standards and specifications required for each of above activities.

We are also open to partake in Joint Ventures, if required, with some of the other major companies to execute important projects in the Emirates.

Quality & professional service along with customer satisfaction is the high priority that we keep in our mind while delivering our projects. This shall help us to grow in United Arab Emirates. For more information and clarifications please feel free to contact us.

Thanks & Best Regards,
for Indigo Infra General Contracting LLC

Engr. Salman Ali Bilgrami
General Manager

• BRIEF PROFILE

Indigo Infra General Contracting L.L.C. was established in Abu Dhabi, the capital of United Arab Emirates in the year 2019 and is operating since then in the areas of General Contracting, Services, and Construction for different types of Pipeline & Infra-structure works. Our experience in successful completion of projects includes supply and laying of different types of Pipelines for Water Works, Storm Water, Sewerage Works, Interlock Pavers & Asphalt Works, and RCC Road with Allied works etc.

We intent to introduce ourselves in different depts. of Abu Dhabi Government & it's entities like ADNOC, UAE Armed Forces – GHQ Engineering Corps, Etisalat, ADWEA / ADDC, MUSANADA, and other agencies for General Contracting & Services, and Construction for different types of Pipeline & Infra-structure works, Construction of Civil Structures, Foundations, Building Construction, Mechanical works, Plumbing works, Horizontal Directional Drilling Works, etc.

Our team of dedicated staff and technician are trained to follow and adhere to the standards and specifications required for each of above activities.

We are keen to take part as Joint Venture if requires with some of the other major companies to execute important projects in the Emirates.

Quality & professional service along with customer satisfaction is the high priority that we keep in our mind while delivering our service. This shall definitely help us to grow in United Arab Emirates.

Thanks & Best Regards,

For **Indigo Infra General Contracting LLC**

TRN No. : 100447946300003

Note:

- Preparation of all documents by main contractor Al NISR Roads and Building
- Above Amount is Excluding VAT

3. **Contract value:**

- Total Lump Sum Price for Supply & Installation of Potable Water Network all as per ADDC Requirement shall be in AED ٢٠٠٠٠٠٠ (Dirhams: Two Hundred Thousand dirhams only/-). Excluding of 5% VAT.

4. **Payment Terms:**

- 30% advance against security Cheque
- Monthly Payment by CDC Cheque

5. **Duration of works:**

The Commencement date: Shall be deemed 15 February 2021

The Duration of the Works: As per the site progress from the commencement date, subject to necessary clearance from the authorities

6. **Penalties:**

If Subcontractor failed to complete the works according to the duration as agreed and Main Contract or so notifies Subcontractor by written notice, and Subcontractor also fails in justifying the delay within 30 days, then penalties amounting to AED 200/- (Dirhams Two Hundred only) per day shall be applicable. The maximum amount of penalties shall not exceed 10% of contract value. If the delay continues then Al NISR has the right to assign the work or part of it to a third party, the cost of such action shall be deducted from Subcontract or contract's terms and conditions, however, the deduction shall not exceed 10% of the invoiced value.

7. The Sub Contractor shall submit to the Main Contractor, for his approval, a breakdown of the Lump Sum Price and Project Bill of Quantities for the entire Scope of Works for the purpose of assessment of Interim Monthly Progress Payments. The Sub Contractor shall have no right to claim for additional payments and time for completion resulting from and in connection with discrepancies and/or errors in the items and quantities in the Bills of Quantities;

Please confirm your agreement to all contents above by returning to our office the duplicate of this letter duly signed and stamped.

SUBCONTRACT AGREEMENT

Subcontract No.: NMDC/2021/10178/SCA/003

SUBCONTRACT AGREEMENT

This Subcontract Agreement is made the 4 day of August, year 2021

BETWEEN

NATIONAL MARINE DREDGING COMPANY, having its business address at PO Box 3649, Abu Dhabi, United Arab Emirates (hereinafter called the "Contractor") of the one part

AND

Indigo Infra General Contracting LLC, having its business address at PO Box 33753, Abu Dhabi, United Arab Emirates (hereinafter called the "Subcontractor") of the other part (Each a "Party" together, the "Parties")

WHEREAS the Contractor is desirous that certain Subcontract Works should be executed by the Subcontractor namely demolition of utilities works for Saadiyat Lagoons Enabling Works Project located at Saadiyat Island in Abu Dhabi, UAE and has accepted the Subcontractor's Offer for the execution and completion of such Subcontract Works and the remedying of any defects therein.

NOW IT IS HEREBY AGREED AS FOLLOWS:

1. In this Subcontract Agreement words and expressions shall have the same meanings as are respectively assigned in the Conditions of Subcontract hereinafter referred to.
2. The following documents shall be deemed to form and be read and construed as part of this Subcontract:
 - (a) This Subcontract Agreement;
 - (b) [Not used];
 - (c) [Not used];
 - (d) The Conditions of Subcontract including Schedules thereto (unless otherwise stated);
 - (e) The Drawings;
 - (f) The Specifications.

In the event of any differences, discrepancies or ambiguities arising between the documents forming part of this Subcontract the above order of precedence shall prevail.

3. In consideration of the payments to be made by the Contractor to the Subcontractor as hereinafter mentioned the Subcontractor hereby covenants with the Contractor to execute and complete the Subcontract Works and remedy any defects therein in conformity in all respects with the provisions of the Subcontract.
4. The Contractor hereby covenants to pay the Subcontractor in consideration of the execution and completion of the Subcontract Works and the remedying of any defects therein the Subcontract Price or such other sum as may become payable under the provisions of the Subcontract at the times and in the manner prescribed by the Subcontract.

POLICY STATEMENT

**INDIGO INFRA GENERAL CONTRACTING LLC,
ABU DHABI-UAE**

Quality Health & Safety, Environmental Policy Statement

INDIGO INFRA GENERAL CONTRACTING LLC (IIGC) is involved in the Safety and health of people and the protection of environment as a key factor while meeting its strategic objectives to increase the standard level and quality of its supplied products and services in order to satisfy the customer needs.

The Management and Staff of IIGC are committed to:

- Establish, implement and maintain a QHSE Policy that is appropriate to the purpose and context of the organization and supports its strategic direction;
- The continual improvement for its Safety, Health, Environmental and Quality performance standards and to protect the environment and the associated health and safety of its employees, customers, suppliers, and the public. Only through the cooperative effort of all can the best possible QHSE record be achieved
- Provide and maintain safe, environmental and healthy working conditions for all our employees, who are the company's most valuable asset.
- Appropriate objectives and targets are established and QHSE management programs are formulated.
- Consult, communicate and collaborate with employees and other stakeholders on QHSE matters and QHSE Performance
- The continual improvement for its Safety, Health, Environmental and Quality performance standards and to protect the environment and the associated health and safety of its employees, customers, suppliers, and the public.
- Prevent injury and ill health to its employees and other interested parties by Eliminating hazards and reducing OH&S risks
- Provide appropriate tools, equipment, operational processes, safe system of work covering all our activities and support reasonably required to ensure success.
- Prevent incidents, accidents, injuries, illnesses, environmental impacts and provide high quality products.
- Where there are risks to safety, health and environment, Aspects need to be assessed under specific duty or regulations. We will ensure that our assessments are carried out and that all actions shown to be necessary will be implemented.
- Comply with the applicable local and federal regulations, customer requirements and to maintain a safe and pollution-free operating practice that complies with the applicable UAE legal and other client requirements.

IIGC communicates this policy to all employees through training and daily management activities, both to ensure their understanding and to ensure that the policy is properly upheld. Our policy is made available to relevant interested parties upon request.

Annexure A

Rev : 00

• QUALITY POLICY

Indigo Infra General Contracting LLC is dedicated to delivering services, as agreed by contract, at a quality that will meet our client's expectation whilst providing efficient and timely completion within the contract budget.

Everyone benefits from quality. It reflects directly on our success and is actively encouraged as a matter of pride and satisfaction for all the employees. Training is made available to every employee to enhance understanding of the quality policy, and procedures that flow from it and their effective application.

Our objective is to execute all work processes effectively and efficiently at one go.

To achieve this, the company will ensure that the policy is understood, implemented and maintained at all levels in the organization by developing procedures tailored to the desired work practices and then working on it.

The company focuses on best work practices with procedures defined to minimize waste and error across all company activities, including project management, supply, fabrication and maintenance work processes and also the management of supplies.

Indigo Infra General Contracting will provide adequate resources to develop and maintain quality, safety and environmental planning, control, assurance and improvement initiatives with training to ensure full participation of employees.

Quality, Safety and environment protection are management responsibilities. Indigo Infra General Contracting management will continually monitor the quality of all products and services while ensuring that safety and environment protection standards are maintained to the highest practicable standards.

Indigo Infra General Contracting will continually monitor company operations through auditing functions and key performance indicators, to ensure conformance to agreed requirements and targets, and implementing initiatives to promote a trend of continuous improvement.

• QUALITY POLICY

Indigo Infra General Contracting LLC is committed to providing exceptional service in Construction Management and technical support services.

Through our training programs, all employees and associates have gained a sound understanding of this policy and our management system have been empowered to deliver service excellence. We will achieve our objectives through our focus, our commitment and our training.

To ensure we meet our objectives, the following outlines individual responsibilities in relation to the implementation of our Quality Assurance program;

GENERAL MANAGER:

As senior executive officer, our GM has overall responsibility for setting the Company's quality goals, strategic planning for growth and overall improvement to business processes, and to ensure these goals are met through constant performance indicators. The GM also reviews the quality management system regularly.

ENGINEERS:

The engineers are an integral component of our team and has the responsibility and authority to manage the day-to-day operations of the projects and reporting to the senior management with regards to the updates. The Engineer is also responsible for managing the surveyor, foreman and labourers on site.

FINANCE:

The members of the finance team have the responsibility to ensure that the company's books are up to date. They also must liaise with different departments, both internally and externally, to handle transactions and ensure operational effectiveness.

SUPERVISORS:

Supervisors are responsible for implementing the quality system on a day-to-day basis. They are also responsible for conducting work skills, OH&S and Customer Service training.

HUMAN RESOURCES:

The members of the HR team have the responsibility to ensure that the company's quality goals are translated into operational effectiveness. They are accountable for ensuring the wellbeing of the employees of the company and maintaining a culture of satisfaction.

ALL EMPLOYEES:

Each person is expected to understand their role in achieving quality outcomes and then putting these principles into practice.

• HEALTH AND SAFETY POLICY

Indigo Infra General Contracting LLC realize that working safely is vital to the ultimate success of our organization. There can be no compromise with safety; it is, and always will be, the responsibility of each and every one of us. For all of our employees, safety will always take precedence over job expediency.

Indigo Infra and our Managers and Supervisors have a total commitment to, and will continue to be responsible for, health, safety, rehabilitation and welfare of our employees, and others at our work places. They may delegate OHS&R duties and activities but not their responsibilities. All persons directing the work of others at our work places are required to join with employees and work together towards achieving and maintaining a high level of safety performance.

Indigo Infra is also committed to protecting our employees by demonstrating a 'Duty of Care' through effective OHS&R safety system and risk management strategies and the application of Industry-based Standard OHS&R procedures. All Employees, other persons and organizations are required to unite with us in joint objectives, which are:

- To create and maintain a safe, healthy and productive workplace environment and procedures for all persons at our places of work, against risks to their health, safety or welfare arising out of our work activities.
- To create and maintain continuous improvement strategies, systematically managing to ensure proactive hazard controls and legitimate implementation of our Policies and Procedures to the Industry-based OHS&R Standard for safety system and Risk Management; and
- to ensure compliance with the OH&S Act, Associated Acts, referenced Industry Codes of Practice and referenced Standards;
- Employees are required by law under a Duty of care of their health and safety, and that of their fellow workers to the extent of their capabilities, by following all safety rules, procedures and instructions, and by reporting all hazards, injuries or ill health. Employees must not misuse safety equipment.

• ENVIRONMENTAL POLICY

1. Complying with all relevant environmental legislation, regulations codes of practice and contractual conditions.

Indigo Infra General Contracting LLC recognizes the importance of maintaining and enhancing the quality of the environment for the benefit of our customers, employees, stakeholders and the community. Our commitment is to deliver our projects in an environmentally responsible manner.

2. Preventing pollution of the environment by activities over which we have control.
3. Conducting business with suppliers who also have a commitment to responsible environmental management.
4. Continually improving our environmental management performance by regular reviews and setting realistic environmental objectives and targets.

To achieve our policy goals, we will plan and manage our activities in accordance with best practice environmental management principals.

• QUALITY STATEMENT

- a) To complete projects on time within Budget.
- b) To have high degree of integrity and sincerity in carrying out projects
- c) To achieve complete satisfaction of Client
- d) To complete projects with very high standards of quality
- e) To aim for continuous improvement in order to get repeat business.
